Approved For Release 2004/03/16: CIA-RD#75B00621R000100190001-6 TOP SECRET

	Approved For Release 2000 P3/50E COLETROP75B00621R000100190001-6
25X1	
_	COMOR-D-52/8 Tab A
25X1	Schedule for Distribution of Duplicates of KH-4 Film
	1. The presently approved scheduling of Priority One for distribution of duplicates of KH-4 film calls for 4 DPs and 1 DN for NPIC for meeting community immediate readout purposes. These same needs include film evaluation, preparation of plots, binary readout, etc. Priority Two calls for 4 DPs for SAC and 1 DP for DIA.
	2. Until the recent past, CIA inhouse needs for additional immediate analysis of the film over and beyond the OAK Report have been served by siphoning off such duplicate materials as can be made available to the CIA/PI unit at NPIC. This is no longer possible because all of NPIC's duplicate materials are necessary for community purposes.
	3. In requesting that CIA be provided 1 DP in Priority Two with SAC and DIA, the CIA representative explained that this DP is necessary in order to meet CIA/PI and analysis needs in support of the DCI and the Agency. There would be no over-all increase in the total number of DPs, since a reduction of 1 DP would be made of those now delivered to NPIC under Group IV.
	4. Recommend that a DP be added to Priority Two for CIA along with presently scheduled copies for SAC and DIA.

21 April 1964

MEMORANDUM FOR:

Committee on Overhead Reconnaissance

SUBJECT:

Schedule for Duplicates of Satellite Film Products

- Attached for the information of COMOR (Tab A) is the final version of the paper on the above subject initially issued as a telecom, OPCEN 5272, as revised by virtue of the word received from the participating agencies. It is submitted for information and reference as well as a recommendation to the NRO for its action with regard to Group II should film be received in the near future.
- In addition, there is distributed for information and reference of the Committee a revision of the schedule itself (Tab B), taking into account the action mentioned above, amplified to include reference to the distribution of products from the Stellar and Index cameras, as well as the Panoramic camera.
- As previously scheduled, the NRO will at the next 3. meeting brief the COMOR on the details involved in the reproduction, handling, and distribution of satellite film products. It may be that after this briefing and further discussion, the COMOR may wish to revise the schedule further. Accordingly, the members are requested to bring this document to the meeting to permit any discussion of the schedule at that time.

10 April 1964

MEMORANDUM FOR:

Committee on Overhead Reconnaissance

SUBJECT:

Schedule for Duplicates of KH-4

Film Products

Attached for the information of the COMOR is the attached memorandum from DIA. Consideration of this question was postponed at the meeting of COMOR on 9 April (see COMOR-M-233, para 8), pending a response from NRO to the request of COMOR, in pursuance of paragraph 3 of the attached memorandum that a briefing be arranged for COMOR on the processing and duping cycle. This matter will be placed on the agenda as soon as word is received from the NRO.

25/(1	COMOR-D-52/6	
	8 April 1964	
	MEMORANDUM FOR CHAIRMAN, COMOR	
25X1	SUBJECT: Schedule for Duplicates of KH-4 Film Products	
	REFERENCES: a. COMOR-D-52/2 b. COMOR-D-52/4 c. COMOR-D-52/5	
	1. The review of DOD requirements for KH-4 film products has been accomplished. With the exception of residual Navy elements, COMOR-D-52/2 should be revised as indicated below. TCO Navy will present Navy requirements separately.	25X1
	a. Paragraph 2, Group VI, footnote 2 should read "Requirement is for passes east of 70° east."	
	b.	25X1
	c. Paragraphs 2 and 3, Group VI, add footnote 1 to CINCLANT and delete 1DN.	
		25X1
	3. Reference COMOR-D-52/5. DIA does not concur with	
	the proposed change in priorities outlined in paragraph 3 without a full review of the established priorities. SAC priority for film products is based primarily upon their requirement for the immediate updating of the SIOP. Past performance indicates a twelve plus hours difference in the availability of Group II and Group III film copies at the factory. The inherent transportation and delivery problems to SAC, coupled with the conflict between Group III and other higher

COMOR-D-52/6

priority duping requirements at the factory, makes the proposed change unacceptable. In order for the COMOR to fully understand the problem, it is suggested that the Committee be presented a detailed briefing on the mechanics of the processing and duping cycle to include the times required to process the original negative; produce a duplicate positive and duplicate negative; clean and rewax original negative; the number of copies that can be produced from the ON before cleaning and rewaxing is required. With this understanding the Committee will be in a better position to evaluate the over-all priorities assigned.
